

Intelisecure

Data Protection, Simplified

CEO Update

Global Client Summit – October 2020

InteliSecure

Managed Security Services Provider - Data Protection Specialists

What makes us unique?

- Highly specialized managed data protection services and expertise
- Impactful intellectual property
 - FXSP – multi-tenant solution for advanced triage and incident management and response for data protection alerts using machine learning
 - Aperture – context, organization, intelligence, and actionable recommendations to expedite Microsoft 365 security response
 - Policy Packs – pre-written policy libraries that address specific regulatory requirements (e.g., PCI, PII, PHI) and provide audit-ready reports
- Highly expert technical and professional services to complement MSS offering
