InteliSecure Named Winner for Fastest-Growing Company and Best Place to Work by Best in Biz Awards

Greenwood Village, Colo. (Jan. 7, 2015) – [InteliSecure](#) (formerly BEW Global), an internationally recognized Managed Security Service Provider (MSSP) focused on protecting and preserving the value of critical business data assets and intellectual property, today announced it has been named as a Silver winner in the Fastest-Growing Company of the Year (small category) and a Bronze winner in the Best Place to Work category by the Best in Biz Awards.

The Best in Biz Awards are the only independent business awards program judged by members of the press and industry analysts who review and score the hundreds of nominations. Nominations were fielded from public and private companies of all sizes, from virtually every major industry and region in the U.S. and Canada.

This is the second year in a row that the company has been honored as one of the Fastest Growing Private Companies, having also been named as a Silver winner in 2013.

“We are honored once again to have been selected by a panel of media leaders to receive these awards,” said Rob Eggebrecht, InteliSecure president, CEO and co-founder. “It is a terrific validation of our efforts to provide customers with leading-edge data security services supported by exceptional employees in a positive work environment.”

InteliSecure’s recognition for their workplace environment was the first for the organization and highlighted its commitment to its employees.

“Our work environment is something we take seriously at IntelliSecure,” said Tracy Mestas-Hagar, director of Human Resources. “We are in the process of implementing a brand new program for 2015 that will provide our employees an even more dynamic and fulfilling environment to grow professionally and personally.”

About IntelliSecure

InteliSecure protects and preserves the bottom-line value of critical data assets and intellectual property for businesses in more than 100 countries worldwide. The only internationally recognized Managed Security Service Provider (MSSP) focused on Data Loss Prevention (DLP), IntelliSecure holds ISO 27001 certification for its information security management system (ISMS) and leads the security industry forward through its pioneering work in security humanistics, an evolving science focused on the role of human behavior in security. The privately-held company is headquartered in Greenwood Village, CO and can be found online at www.intelisecure.com.

About Best in Biz Awards

Best in Biz Awards recognizes top companies, teams, executives and products for their business success as judged by established members of the press and industry analysts. Best in Biz Awards honors are conferred in two separate programs annually: North America, and International. Entries will begin to be accepted in the Best in Biz Awards 2015 International program in January 2015. Any organization worldwide may participate in the International program in any of the more than 60 company, department or team, executive and product categories. For more information about the entry process and categories in the International program, please visit: <http://intl.bestinbizawards.com>.
