

INTELISECURE'S 171% GROWTH RATE POWERS ITS 2ND CONSECUTIVE INC. 5000 RANKING

DENVER, Aug. 20, 2015 (GLOBE NEWSWIRE) -- [IntelliSecure](#), the leading managed security service provider delivering critical asset protection for enterprise organizations worldwide, today announced it has ranked on the 34th annual Inc. 5000 list for the second consecutive year. The prestigious ranking is based on IntelliSecure's 171 percent growth rate and the addition of 72 new jobs in 2014, placing it among the top 20 information security firms recognized on the list.'

"We are honored to again be ranked as one of the fastest growing companies in the United States," said IntelliSecure CEO [Rob Eggebrecht](#). "Our unique approach to delivering managed security services, by focusing on protecting an organization's most critical assets, continues to resonate with organizations globally. We thank the editors of Inc. for this prestigious accolade, which once again recognizes our unique approach to next generation managed security services."

IntelliSecure fills a critical void as traditional cybersecurity point products and automated tools continue to miss the mark. The daily theft and compromise of highly sensitive intellectual property, including customer and patient records, M&A correspondence, blueprints, formulae and other mission-critical assets, can have a devastating impact on the enterprise; from damage to business unit operations and financial instability, to shaken customer and investor confidence and corporate reputation.

"The story of this year's Inc. 5000 is the story of great leadership. In an incredibly competitive business landscape, it takes something extraordinary to take your company to the top," says Inc. President and Editor-In-Chief [Eric Schurenberg](#). "You have to remember that the average company on the Inc. 5000 grew nearly six-fold since 2012. Business owners don't achieve that kind of success by accident."

The average company on the list achieved a three-year growth of 490 percent. The Inc. 5000's aggregate revenue is \$205 billion, and reflects the growth of 647,000 jobs over the past three years. Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/inc5000.

About IntelliSecure

Headquartered in the booming Denver Tech Center, IntelliSecure protects more than two million users worldwide with managed security services tailored to safeguard enterprise assets from the escalating frequency and scale of global cybersecurity threats.
