

INTELISECURE NAMED TO INC. 5000 ANNUAL LIST OF FASTEST GROWING COMPANIES FOR THIRD STRAIGHT YEAR WITH THREE YEAR SALES GROWTH OF 244 PERCENT

DENVER (August 23, 2016) – IntelliSecure, a managed security services provider specializing in critical asset protection, today announced it has been included in Inc. Magazine's list of the 5000 fastest growing companies in the United States. The listing is the third straight year IntelliSecure has been recognized increasing its position by 775 spots this year to be ranked at 1503.

"We are honored to be named to the Inc. 5000 for the third consecutive year," said IntelliSecure CEO Steven Drew. "Our clients understand that technology alone cannot block today's advanced, persistent threats, which is why our services blend human intervention and investigation with leading tools such as data loss prevention to deliver managed security programs that lock down our clients' most sensitive assets."

The 2016 Inc. 5000 is the most competitive crop in the list's history. The average company on the list achieved a mind-boggling three-year growth of 433%. The Inc. 5000's aggregate revenue is \$200 billion, and the companies on the list collectively generated 640,000 jobs over the past three years, or about 8% of all jobs created in the entire economy during that period. Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/inc5000.

InteliSecure is raising eyebrows and filling a critical void as traditional cybersecurity point products and automated tools continue to miss the mark. The daily theft and compromise of highly sensitive intellectual property, including customer and patient records, merger and acquisition correspondence, blueprints, formulae and other mission-critical assets, can have a devastating impact on the enterprise; from damage to business unit operations and financial instability, to shaken customer and investor confidence and corporate reputation.

About IntelliSecure

InteliSecure protects organizations with security services tailored to safeguard enterprise assets from the escalating frequency and scale of global cybersecurity threats. With Cyber Security Operations Centers in Denver and the U.K., IntelliSecure's managed and professional security services deliver the continuous monitoring and intelligence required to protect against internal and external risks. The company was the first to provide managed security services for data loss prevention (DLP) and continues to be the market leader in the space by utilizing its acclaimed Critical Asset Protection Program™ methodology.

InteliSecure is one of North America's fastest growing companies, ranking on the Inc. 5000 in 2016, 2015 and 2014, and is the recipient of numerous industry awards and accolades. To learn more visit, www.inteliscure.com.
