

INTELISECURE RANKED #6 ON DENVER BUSINESS JOURNAL 2017 FAST 50 FASTEST GROWING COMPANIES IN DENVER

Ranking marks the third year IntelliSecure has placed on the Fast 50 based on year-over-year revenue growth fueled by surging demand for its critical data protection services.

DENVER, Nov. 14, 2017—[IntelliSecure](#), the leading provider of critical data protection services, today announced it has been ranked 6th in the Denver Business Journal 2017 Fast 50 ranking of fastest growing companies. Rankings were revealed at an awards lunch held at the Grand Hyatt Denver hotel in downtown Denver.

The award marks IntelliSecure’s third ranking on the Fast 50, fueled by the company’s annual revenue growth and continuing demand for its critical data protection services; comprised of managed Security Information Management and Data Loss Prevention services, risk-governance and threat protection [services](#).

Previously called the Fastest-growing Private Companies Awards, the 2017 Fast 50 rankings are based on the percentage growth in annual revenue for fiscal years 2014, 2015 and 2016.

“We are honored to once again be recognized by the editors of the *Denver Business Journal* as one of Denver’s fastest growing companies,” said IntelliSecure CEO [Steven Drew](#). “Each day our more than 180 employees from the United States to the United Kingdom come to work with one singular focus, to remain at the vanguard of protecting our clients’ most sensitive data assets.”

IntelliSecure protects over 500 enterprise clients and more than one million users globally with managed security services designed to deliver critical data protection from the escalating frequency and scale of global cybersecurity threats. IntelliSecure empowers organizations to identify, prioritize and protect their most critical data assets by aligning a [business-centric approach](#) with its comprehensive suite of design, validation and managed security services. The company’s scalable solutions and services are focused on realizing business outcomes and mitigating risk.
